

# Winter Activities for Kids — and the Family!

## From our home to yours...

At The Midnight Mission, we provide support and critical services to families and individuals in LA County who are homeless, experiencing hunger, or who have lost direction.

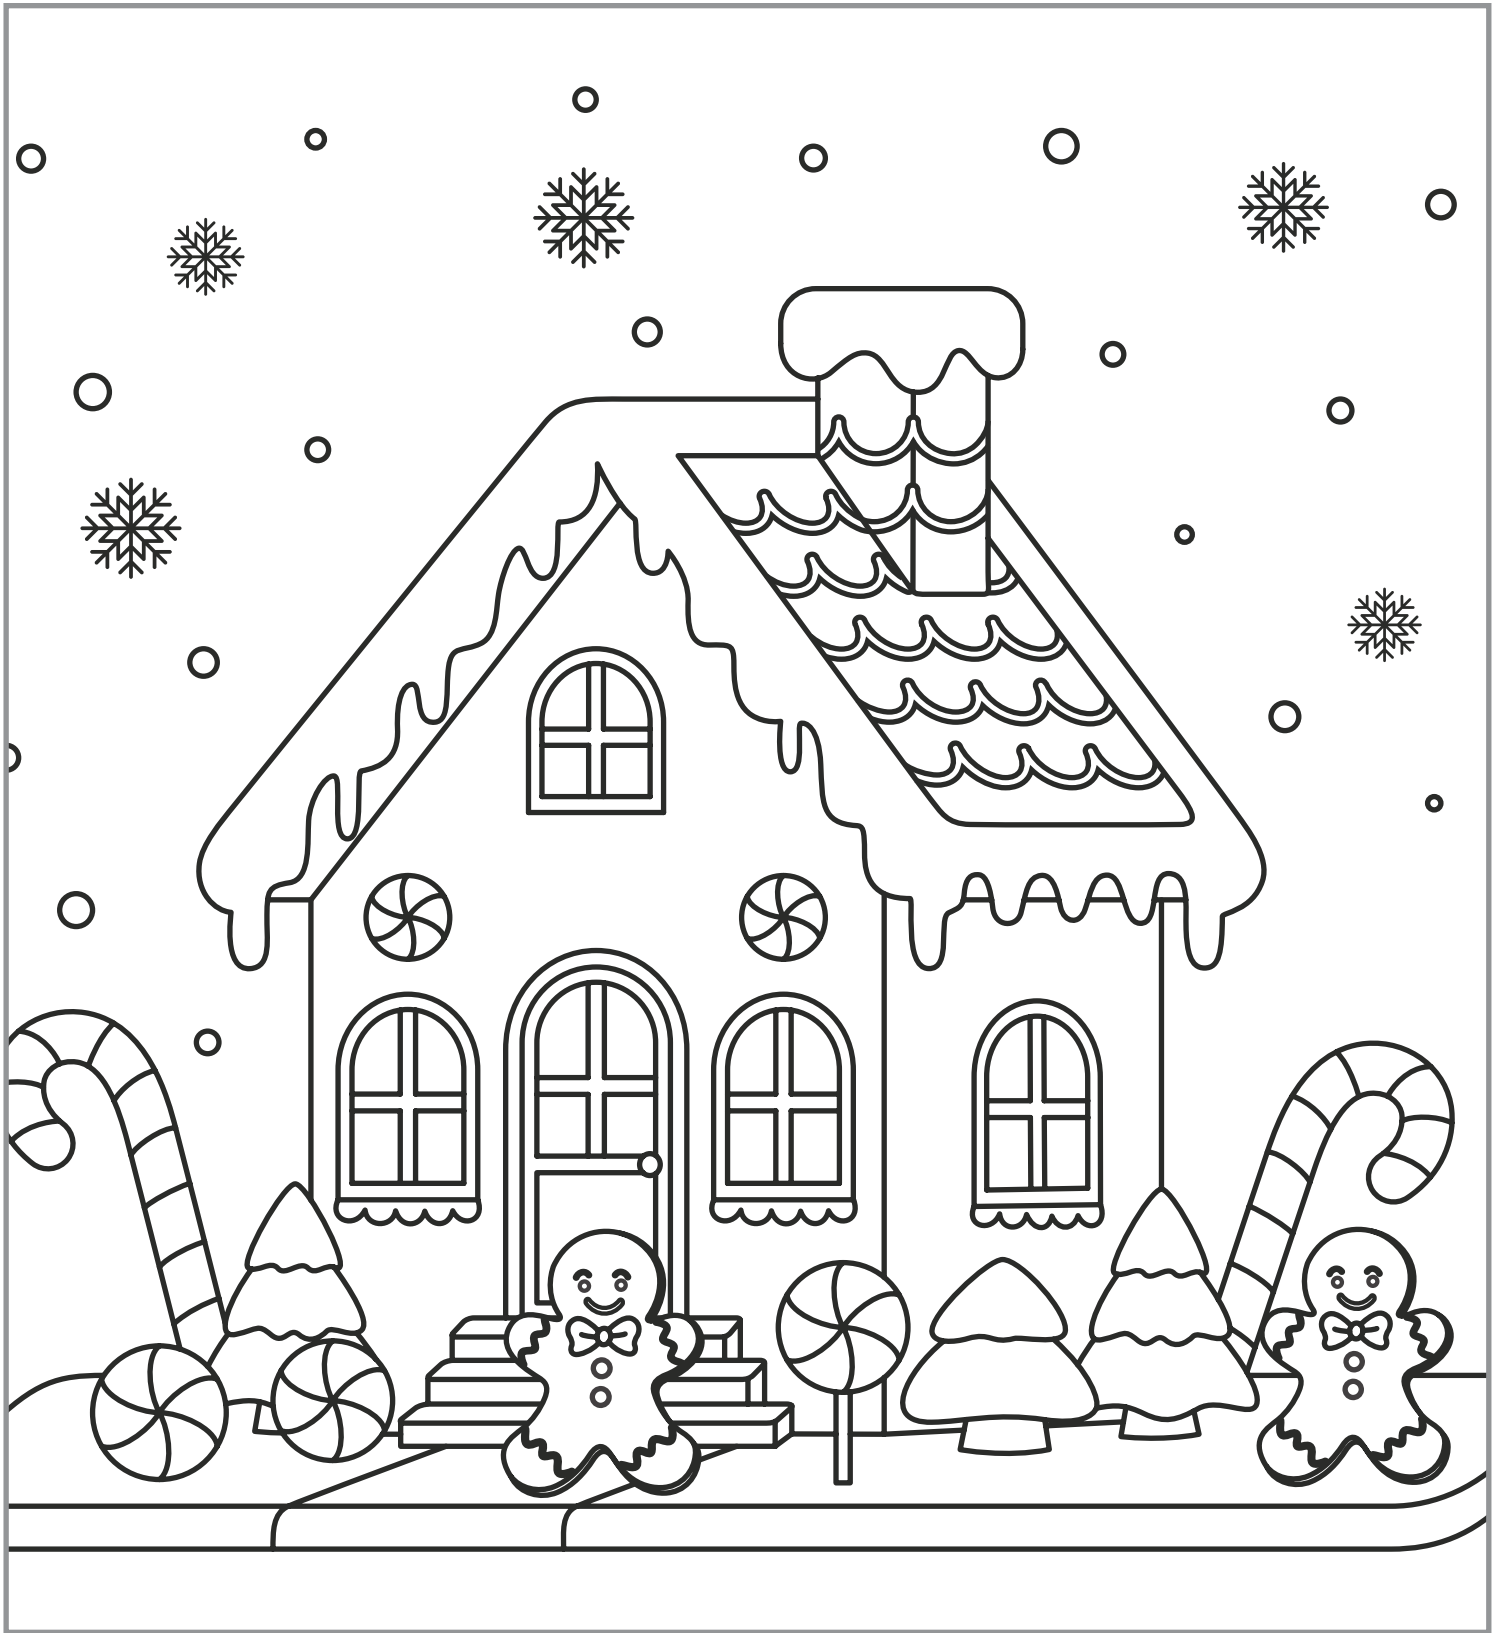

Through our **Homelight Family Living Program**, we offer more than just a place to stay. With counseling, child development support, education, and other resources, **we help families with kids get back on the path to healthier, brighter futures.**

So we know the importance of quality time together and self-care, especially during periods of stress or unease. **And we want to offer YOU and YOUR family a fun way to relax and decompress whenever you need.**

Whether you've got kids, grandchildren, or just want some quiet time to yourself, **print this out** and have fun coloring and completing the activities. Enjoy!
